

<b>POLICY</b>	<b>2010</b> <b>Adopted: August 22, 2006</b> <b>School Board Governance</b>
---------------	--

**SUBJECT: CONTRACT AUTHORITY**

One of the primary purposes of the Greater Southern Tier BOCES Board is to educate and train students in the most efficient manner possible. To achieve this purpose, the following contractual situations arise:

- With outside third parties that provide training and service to BOCES on a non-cost basis.
- In 400 codes within the general fund and special aid fund budgets.
- In the 497 codes for cross-contracts with other BOCES.

In order to implement these contractual obligations, the Board authorizes the District Superintendent, or his designee, to prepare, review, and execute all necessary contracts accordingly.
